*"The Jewelled Corridor"*

# EPIPHYLLUMS

These exotic beauties are, by their very daring and unusualness, destined to a place of prominence in our decorative scheme.

Although native to Brazil, Mexico, the Argentine and other-tropical countries, many of the newer and finer types comprising our large collection have been developed in Europe.

One could imagine nothing more congenial to Southern California climate and modern day architecture than these streamlined plants bearing a profusion of strikingly beautiful flowers from 6 to 10 inches in diameter, in all the colors of the rainbow. There are white kinds fringed in lime yellow and soft brown, pinks in monotone or iridescent tints, purples with flame and chartreuse, molten gold with vermillion, bronze with scarlet, blood-red with violet and others too numerous to mention.

Some types are effective in wall or hanging baskets, but the majority display their charms to best advantage when trained against a trellis or wall.

Our "Jewelled Corridor" during May and June presents a spectacle of dazzling beauty that you cannot soon forget.

### RARE PLANT GARDENS

# *"The Jewelled Corridor"*

AGATHA	Cameo-pink with faint orchid cast. Flame throat
ALICE CANFIELD	Pink-coral shading to cerise at center
AMBER QUEEN	Amber petals margined in rich wine-red
ARGUS	Soft salmon with deeper tone at throat
BRAHMA	Bronzy-gold with cerise center
BRILLIANT	A glowing red with purple throat
CANTABILE	Lovely two-toned pink. Makes attractive baskets
CATHAY	Cerise margined in bronze. Very Chinese
CLOISTER	A soft dusky lavender
DARK LAUGHTER	Pansy-purple with vermillion and chartreuse throat
DR. HOUGHTON	Scarlet outer petals edged with violet. Flame eye
DRAGON'S EYES	Orange-scarlet overcast with violet. Basket type
EMPRESS	Dainty flowers of silvery pink. Basket type
FLEUR DEL SOL	A glowing orange-henna
GANGES	Wide petaled scarlet of unique form
GEN. GARIBALDI	Brilliant scarlet blooming profusely over a long period
GLORIA	Soft chamois-amber. Prodigious bloomer
HELIO SPECIOSA	Cup-shaped blooms of scarlet and glowing purple
HERMOSA GOLIATHA	Bronzy coral-pink deepening to violet. Rose eye
HERMOSISIMUS	A most spectacular flower in violet and flame
HERMOSISIMUS MAGNUS	Similar to the above-but with wider petals
HERMOSUS	Resembles two foregoing types but flower opens flatter
HIGH TIDE	A salmon-coral climber. Deeper throat
KINCHINJUNGA	Snowy-white with lime-yellow and brown outer petals
LATONA	Violet and vermillion suffused with bronze petals
LILACINUS	Soft lilac-pink with chartreuse throat
LOTUS LANTERN	Chamois-coral shadowed with cinnabar
PEACOCK	Red and purple with lime-yellow center
PFAU	Bronze and pink with violet throat
SACUMTALLE	Bronze-orange overcast with plum. Violet-rose eye
SCHEHERAZADE	Rosy lavender deepening to violet with age
SILVER DAUGHTER	A clear, silvery rose-lilac
STENOPATULUM	A very dainty flower in softest pink
SUN FUGITIVE	Molten gold with violet and vermillion throat
TRIUMPH	Shell-pink with lilac overtones
VAN HOORDE	Clear lavender-pink with deeper shadings
VIVE ROUGE	Scarlet with purple eye. Crepe-like texture
YOUNG NUN	A lovely white flower with softest yellow and brown outer petals

And many others!

# EPIPHYLLUMS

## CULTURE

For best results, plant your Epiphyllums in a semi-shady location in a mixture of 1/3 good sandy loam and 2/3 well rotted oak leafmold.

Give them a heavy dressing of steer fertilizer in February and a light top-dressing of a good commercial fertilizer in August.

Keep them moderately moist and be sure that their drainage is good.

## PRICES

(According to size and variety)

Small pots	75c-\$1.00
Larger pots	\$2.00-\$3.50
Specimen plants	\$5.00-\$35.00
